PROFILE

As a dynamic and results-oriented software professional, I bring a passion for innovation and a proven track record of delivering high-quality solutions. I thrive in collaborative environments, adapting quickly to emerging technologies. Eager to contribute my skills and enthusiasm to a forward-thinking team, driving impactful results in the ever-evolving landscape of the software industry.

INTERNSHIP

DEVOPS ENGINEER AT CLOUDNAUTIC

CI/CD Pipeline Implementation :

- Designed and implemented a robust CI/CD pipeline to automate the build, test, and deployment processes, significantly reducing release cycles and enhancing overall project efficiency.
- Utilized tools such as [mention specific tools or platforms, e.g., Jenkins, GitLab CI, Travis CI] to orchestrate and automate the deployment workflow.
